ATTEMPT TO WRECK A TRAIN CARRYING THE SPANISH KING

(By Associated Press.) GENEVA, Switzerland, Jan. 29.—An unsuccessful attempt upon the life of King Alfonso of Spain was made yesterday near Granada, Andalusia. According to the Spanish authorities, an iron beam was placed across the railroad tracks just before the passage of the royal train, but a catastrophe was averted.

SCOUT CAR ARRIVES IN TONOPAH ON THE WAY TO CARSON CITY

For civil, commercial and strategic purposes, El Camino Sierra (the mountain road) is a wonderful highway, with exceptional claims to consideration. This roadway follows the eastern base of the Sierra Nevada.

Tonopah has also "exceptional claims to consideration," as this city is situated on the Midland route, with lines to north and east connecting with the Lincoln highway and with four roads running to four passes in the Sierra, making it the great auto line hub of the west. It is possible to travel from here across the western divide at any time in the year and under the most adverse climatic conditions, as is evidenced by the arrival here last night of a little car, a Chevrolet, with undersized tires and only ten inches of clearance.

The car was expected to arrive before dark and three autos went out to the Gold Mountain summit, waited for a time and returned disappointed. W. H. Collins, in his Dodge limo, carrying a Bonanza representative, later went out for convey, but it was not until after 7 o'clock that the lights of the pathfinder blinked far across the desert.

H. T. Kuhlman and Al G. Waddell, both somewhat the worse for tan and whiskers, occupied the car. The former had charge of the final testing

BISHOP HUNTING COMPLETES TOUR OF SOUTH AND TELLS GOOD STORY

Rt. Rev. George C. Hunting, Episcopal bishop for the diocese of Nevada, arrived yesterday from Goldfield, where he conducted services. He occupied the pulpit in St. Mark's last evening, preaching to a large congregation.

The bishop left this morning for Millers and tomorrow will continue on to his home in Reno. This will conclude a visit to a number of parishes and missions in the southern part of the state. It was a busy trip, but fraught with some discomforts, particularly in the vicinity of Caliente, where the temperature a few days ago dropped to 24 degrees below zero.

In riding from one remote parish to another the bishop was huddled in an overcoat that concealed his clerical garb. One of his fellow travelers was a bibulous individual, who grew a little peeved when the prelate repeatedly declined to share the contents of his bottle. He finally said: "Where in — are you bound for?"

"To —"

"Well, let me tell you, you can't get any accommodations there. I hear there is only one vacant room in the hotel and that's reserved for a sky pilot who ought to be on this auto."

At Good Springs, where there is no church edifice, the bishop met with good fortune. The White Pine Mining company donated a very desirable lot and the people of the camp subscribed four-fifths of the cost of erecting the structure.

The personnel of the club is as follows: Mandolins, Pearl Murphy, president; Murdock McLeod, secretary and treasurer; Walter Rountree, Carl Monahan; guitars, Earl Murphy and Theodore Fottler. It is hoped that others will show enough interest to join the club.

PREPARING SURGEONS FOR ARMY AND NAVY

(By Associated Press.) CHICAGO, Jan. 29.—Ninety medical schools in the United States, with a total enrollment in graduating classes of more than 3000 young men, available for army and navy service, will institute on February 1 a series of lectures on naval and military sanitation and treatment of the sick in both branches of the service.

These lectures will constitute a regular course in nearly all the medical schools of the country and will be under supervision of Surgeon General William C. Gorgas, U. S. A., and Surgeon General William C. Braisted, U. S. N.

BROKERS DEFEAT BANKERS EASILY

The bankers were terribly disheartened yesterday over the feeling remarks of the brokers, who had invited them to a contest at the bowling alley. The brokers are accustomed to the boasting game and shouted so loud that they scared off their would-be adversaries. At the appointed time only two bankers showed up in the persons of George Dugan and Scott Mullins. The brokers were represented by Bill Brown, Skinner and Ramsey, who won out by a score of 1610 to 918. The excuse of the highbrow bankers was that they were a God-fearing lot who would not consent to desecrate the Sabbath by engaging in an athletic contest.

WITHDRAWING FROM MEXICO

(Continued from page one)
to be in a White House statement issued at the time the expedition was sent in.

General Pershing's present location was recognized as a source of military weakness, both in the face of possible attacks on his long flanks and also in the eventuality of a larger expedition into Mexico.

Apparently more decisive than all these reasons, however, was the belief that the problem would never be solved one way or another so long as Pershing stayed, and that it would be best to withdraw all American soldiers from the stricken country in order to remove any American or anti-American issue. In other words, there is a disposition to leave Mexico to work out its own salvation, without interference, and even to give Carranza a diplomatic victory in the hope that in some way a stable government may arise there.

With the last American soldier out of Mexico, the Mexican problem can be viewed in a new light. From now on it will not be possible for Carranza to meet American demands with counter demands for the withdrawal of the troops.

BEGINS THE YEAR WITH NICE BALANCE

FATHER DISS READS ANNUAL REPORT AT BOTH MASSES ON SUNDAY

St. Patrick's church is in prosperous condition, according to the annual report read yesterday from the altar by Father Diss. After deducting all expenses and paying for improvements of the rectory the congregation has \$1300 to its credit at the bank. Of this amount \$1000 will be placed to the credit of the building fund. The pastor remarked that he was not able to find any records of the parish previous to his coming and therefore could not make any comparison. He expressed thanks to the congregation for the interest manifested in producing such results and added that with 150 Catholic families in Tonopah the balance should be much better.

ARTHUR G. RAYCRAFT, cashier of the Nevada First National bank, accompanied by Mrs. Raycraft, returned yesterday from Carson City, where they attended the wedding of Mrs. Raycraft's sister, Miss Anna Schulz, to George A. Montross.

CHRIS DOWLER, manager of the Nevada Gas company, returned last evening from southern California, where rumor said he had gone for the purpose of claiming a bride. Mr. Dowler denies the soft impeachment.

MISS SADIE SULLIVAN has returned from San Francisco, where she accompanied Mrs. Peter Fabbri, who is now a patient in Mount Zion hospital.

WOMEN MUST NOT WEAR MENS TOGS

MILITARY IN SAVARIA ACT AS ARBITERS OF FEMININE FASHIONS

(By Associated Press.) MUNICH, Jan. 29.—Munich's military authorities, the old-time Nemesis of too-startlingly dressed women, have again stepped to the front and have forbidden, under penalty of police action, the "unnecessary wearing of men's clothes by women."

In Bavarian health resorts "attention challenging imitations of peasant girls' costumes" also is under the official ban. This action is necessary because, according to the police, visitors at the resorts and especially women not taking part in the winter sports, had adopted bloomer and similar costumes, "even wearing them to church."

HE WANTS TO KNOW ALL ABOUT TONOPAH

SAN FRANCISCO BOY WRITES FOR INFORMATION ABOUT THIS CAMP

According to a letter received yesterday by Letson Balliet, the pupils of the San Francisco schools have difficulty in finding information about Tonopah. The letter, dated at the Roosevelt school and signed "Lloyd Rasmussen," is as follows:

"We of the seventh grade are studying about your state and city. But we have very little information about your city. All we know is that Tonopah is an important mining camp. Being interested in mining we would be glad to obtain a little information concerning it. Any postal cards giving views of mining will be especially welcome, as we have a radiograph."

This is an opportunity for some public spirited citizen to gratify the wish of the correspondent by sending a bunch of picture postal cards.

The crown prince got a paragraph the other day. Knew he'd get something, if he kept sticking around Verdun.—Atlanta Constitution.

AMUSEMENTS

"THE FRAME-UP"
"The Frame-Up," which comes to the Butler theater tonight, tells a new story in political life, political life from a New York viewpoint, a story with rich comedy and a genuine punch, one that will linger with you for a long time after seeing this play. The New York World of September 23 last says of the play: "After a

Violet Nietz, Butler Theater

run of over one year at the Liberty theater, 'The Frame-Up' is still drawing capacity audiences. It is one of the real wholesome plays that have held over the season, and bids fair to continue far into its second year." This play will be presented for one night only, tonight, with Mr. Howard Foster and Miss Adeline Rundel in the leading parts. Not a motion picture. Seats on sale at Miners Drug store.

LIBERTY THEATER

Helen Holmes in a thrilling railroad drama of five reels entitled "Medicine Bend." This story follows the play "Whispering Smith," which was played at the Liberty on January 12, and it should not be missed by the lovers of the wonderful daring acting of Helen Holmes. See the thrilling events that follow each other in this gripping story, where the sheriff is killed by Sinclair and Whispering Smith is forced to round up the husband of the woman he loves, building up a powerful surprise climax in which Helen Holmes does some of the most effective work as a great emotional actress. This feature picture will start tonight sharp at 7 p. m. and be finished by 8:15 p. m. Then will follow the comedy picture. This is done in order that any one contemplating going to the road show will be able to enjoy an extraordinary show before going so. Tomorrow, "Barriers of Society," featuring Dorothy Davenport and Emory Johnson.

AUSTRALIA SENDS YOUNG NAVAL RECRUITS

(By Associated Press.) SYDNEY, Jan. 29.—The first graduates of the Royal Australian Naval college at Jervis bay, who completed their four years' course this month, will sail for England next month for duty with the grand fleet under Admiral Sir David Beatty. The graduating class consists of 25 members and this first instance of Australian-trained midshipmen joining the grand fleet is hailed with great interest in Australia.

Governor General Sir Donald Munro Ferguson, in an address to the graduates, spoke on the honor that was theirs. "You are," he said, "on the eve of joining the grand fleet, which, under Providence, is the greatest security for his majesty's arms and allies. Midshipmen have the soft side of all British hearts. You will have a hearty welcome. Australia owes a big debt to Cook and Flinders, a debt which you are helping to repay. There could be no more acceptable contribution, and one to be judged as worthy as the first fruits of the college and of its staff. Your bearing, good manners and conduct testify to the high tone maintained, and that you are qualified to exhibit that character and personality which from Nelson downwards have even distinguished the British sea officers."
